NEW 95% ZINC

ZINCMAX 95%

ZINCMAX 95% Zinc gives exceptional long-term protection against rust and corrosion, ideally suited for touching up welds and for damaged structures or components. Silver Zinc 3 in 1 will weather to approximately the same colour as normal galvanising, giving you an even finish. The high content of zinc ensures complete protection from outdoor elements.

AEROSOL TRIGGER HANDLE

A1095

Compatible with all cans

HOT DIP AEROSOL

Designed for ferrous metals, the product can be used to provide a Bright Silver finish.

3 IN 1 ZINC 400G

Available in silver, grey, black, matt black, satin black, chrome, yellow, white, blue and super red oxide. Silver Zinc 3 in 1 gives exceptional long-term protection against rust and corrosion ideally suited for touching up welds and for damaged structures or components. Silver Zinc 3 in 1 will weather to approximately the same colour as normal galvanising, giving you an even finish. The high content of zinc ensures complete protection from outdoor elements.

SPOT SURVEY AEROSOLS 350G

Available in fluorescent red, yellow, blue, pink, orange, green, normal white and fluorescent purple. Designed to create highly visible marks on a range of surfaces and as a colour identification system, SZS Survey Spot is an essential tool for all tradesmen and field operators. Survey spot aerosol paint is ideal for use in surveying, construction, civil works and landscaping.

SURVEY SPOT / LINE MARKING AEROSOL 500G

Specially formulated to provide long lasting lines, with ideal application temperature between 5°C up to 40°C. One aerosol can will cover 80 - 100m of line (depending on line width). Line Marking paint dries in 10 minutes when applied during a temperature of 25°C.

2 WHEEL MARKING TROLLEY

Quickly and accurately mark out circles and other irregular shapes with our versatile Marking Wand.

KEEP IT SUPER
